FRANKFORT WOMAN ATTENDING
SAFETY CONFERENCE IN CAPITOLHOME BUREAU
TO HAVE 'PLAY
DAY' FEB. 25

Anyone with an idea for an unusual hat will have a chance to display it at the Play Day program of the Will County Home Bureau Thursday, Feb. 25 in Sportsman's hall, Manhattan. It will last from 10 a.m. to 3 p.m. with a potluck dinner at noon.

There will be a penalty for not wearing a hat, and the special feature will be a Spring revue of hats by Anne Lou Meeks who will give a forecast to colors, materials and trends. Every one has been asked to bring a covered dish and individual table service.

Nine members of the Home Bureau executive board met Feb. 8 in the Home Bureau office, with Mrs. George Bovee presiding as chairman. Kay Anderson, home adviser, reported a membership of 609, and Mrs. John Gorman announced that members of the executive board are to serve the members at their annual meeting slated for Feb. 27 in the American Legion hall.

Mrs. Eleanor Johnson, assistant adviser, related experiences of conferences she attended during Farm and Home week, and announced a Rural Youth dance to be held Saturday in Joliet.

Miss Anderson presented the major points of Mrs. Haven Smith's address at the Illinois Home Bureau federation in Urbana, and told of the election of Mrs. Milton Baupel as state president. She also spoke of the international farm youth exchange program, in which delegates from India and Pakistan will spend three weeks in this area during April or May.

A special interest lesson in canning will be held March 15 in the home of Mrs. J. L. Sharpe, route one, Crete, for 12 local leaders who wish to learn in order to give the training to others. The first 12 who register at the Home Bureau office will take the lesson.

The next regular meeting has been set for 9:30 a.m. March 8 in the Home Bureau office.

AUX. CARD PARTY

The VFW Auxiliary will conduct their regular card party in Mokena, Saturday evening, Feb. 20.

Mrs. Paddy Finds a Friend

Mrs. Paddy, the temperamental artist, calms her nerves with the aid of Dr. Emmett, played by Ronald Crisman, and Nurse Wilhelmina, played by Betty Klasing, in the New Lenox Drama club production of "The Curious Savage," to be given at 8 p.m. Friday and Saturday in the Haven school gymnasium. Jane Anderson takes the part of Mrs. Paddy.

"And if I laugh at any mortal thing, 'tis that I may not weep." Byron's immortal passage provides a merry theme for "The Curious Savage," the New Lenox Drama club production to be staged Friday and Saturday, Feb. 19 and 20 in the Haven school gymnasium, New Lenox. Curtain time is 8 p.m.

The lead role of Mrs. Savage is played by Betty Morrison. In a rest home called the Cloisters, a little old lady struggles to bridge the gap between those

President Eisenhower has called a White House conference on Highway Safety, to be held three days this week in Washington.

Mrs. Glenn Folkers, Frankfort, is one of some 3,000 outstanding U. S. citizens who have been summoned by special invitation to Washington to participate. She is national secretary of the Ladies auxiliary of the National Rural Letter Carriers, and is primarily interested in highway safety for the carriers.

Purpose of the conference is to develop nationwide support, at the community level, for proven methods of improving street and highway safety. The President has asked all governors to participate, and to designate outstanding citizens as delegates, including representatives of agriculture, business, labor, women, public officials, media of public information and service, fraternal, religious and other organizations.

Methodists Plan
Mission Services

Frankfort and Green Garden Methodist churches will have the United Evangelistic Mission beginning February 23, with the visiting minister Rev. Kenneth Plummer of Lake Villa preaching at both the morning services. He will lecture to the workers at 2:30 p.m. at Frankfort and preach in Frankfort Sunday, Feb. 28, 7:30 p.m. Other meetings are Monday 7:30 p.m. Frankfort, Tuesday 8:00 p.m. Green Garden, Wednesday 8:00 p.m. Young Peoples night at Green Garden and Thursday Frankfort, Friday, Green Garden.

Rural Youth Will
Hold Square Dance

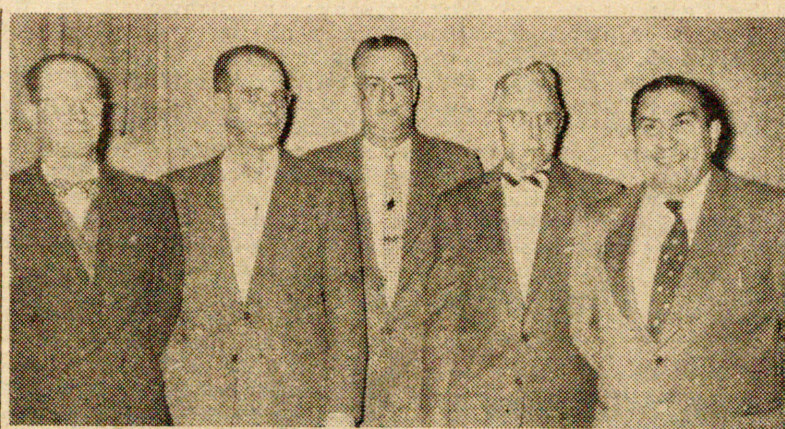

The Rural Youth committee in charge of arrangements has set Saturday, Feb. 20 for a square dance to be held in the Elks hall, 155 Scott street, Joliet.

Dancing will be from 8:30 p.m. to 12:30 a.m.

The affair is being sponsored by District 1B, Rural Youth. The public is invited to attend.

INCOME TAX

Lloyd Lindstrom and Ronald Wondrasek, New Lenox, have formed a partnership to do income tax work. They both are employed in an insurance office in Chicago and have experience in income tax work.

It's back to school on March 10 for Will County business men as they prepare for the annual Education-Business day sponsored by the Joliet Association of Commerce in cooperation with County schools. Making final plans for the event are, left to right, Frederick T. Feil of the New Lenox Lions, Raymond Hoolehan, John R. Scarth and Henry G. Shevlin of the Mokena Lions, and New Lenox School Superintendent John Oster, who is in charge of programs for all schools in the New Lenox, Manhattan, Mokena and Frankfort area.

FRANKFORT PTA
HAS FOUNDERS
DAY CEREMONY

Founders Day was observed with a special program and ceremony Wednesday by the PTA of the Frankfort Public school.

Honored as past presidents were Mrs. Herbert Folkers, Wallace Weichbrodt, Leo Peterson, Walter Harnack, and Stanley Johnson. The roll call of past presidents was answered with achievements accomplished during their term.

Mrs. Wendell Morrison presided, and in charge of the program were Mrs. Robert Burns as chairman and Mrs. Leroy Hansen and Mrs. Richard Kortanek, co-chairmen.

Mrs. Orval Schroeder and Mrs. Howard Osmus gave a vocal duet, with Mrs. Robertson as accompanist. The tables were decorated with birthday cakes. Hostesses were Mrs. Lee Robinson, Mrs. Burnett Schram, Mrs. Richard Kortanek, Mrs. Spencer Samuels, Mrs. William Blaylock and Mrs. Herbert Bixler.

On account of Lent, the March meeting date has been changed to Tuesday evening, March 9.

Show Model Home
At New Lenox Sun.

A model home built by J. M. Spector, developer of the Lakeside subdivision, New Lenox, will be open for inspection all day Sunday. It is a five room 38'x28', exterior finished with redwood siding, with total living space about 1100 square feet, and located on Francis road, half mile west of Cedar road, and one mile east of Gougar road.

The three bedrooms have sliding panel closets and the living room a guest closet and picture windows. The kitchen is equipped with all steel cabinets and large large dining area.

The house has an exhaust fan, hot water heater, washer and automatic dryer.

Frankfort Lanes to
Hold Two Tourneys

The Frankfort Bowling lanes will sponsor two tournaments starting in March. The first is a mixed doubles to encourage team participation in a major sport. A number of awards will be given. Dates are March 6, 13 and 20 beginning at 10 a.m.

A single sweepstakes tournament, beginning March 27 each Saturday and Sunday until completion, has been planned to encourage the lower average bowler by granting a large handicap, and to encourage competitive sports. Time for these events is 2 p.m. An entry blank to send to the Frankfort lanes may be found elsewhere in this issue.

Calvary Youths to
Have Swim Party

The young people of the Calvary Baptist church, Lincoln Estates, will hold a swimming party Saturday in the YMCA, Joliet. Everyone interested in attending has been asked to meet at 5:30 p.m. in the church. Games, refreshments and fellowship will be held afterward in the church parlors.

The Calvary Baptist Sunday school is being remodeled. Three classrooms, a fully equipped nursery are being built, and the present kitchen enlarged. The Sunday school has been working for an attendance of 100 and have succeeded in getting 102. They now have an attendance goal of 110.

JAC Plans Annual
Day With Teachers

Will county businessmen will head back to school March 10 when the county's 1,000 school teachers will play host. The event, known as Education-Business day, will provide businessmen with a first hand look at today's schools, their methods, problems and goals.

Vern E. Cracker, County Superintendent of Schools, has declared the event as an official half day institute for educators. Classes will be visited from 10 a.m. to noon, at which time they will be dismissed. All private and public schools will be visited.

Co-sponsor is the Joliet Association of Commerce. In each community, the school superintendent has been designated as area chairman, Business groups, Lions and Rotary clubs have recruited local men as school guests. Farmers also will participate.

Oster to Direct

Supt. John Oster of the New Lenox Public schools is area chairman for New Lenox, Manhattan, Mokena and Frankfort.

Last year the association and the County school office presented Education-Business Day, wherein teachers visited retail, industrial and other establishments. Now, the process is reversed and community leaders will have a chance to talk over educational problems with local school leaders. The event is not a "show off" for children. The emphasis will be on discussion and class observations rather than on assemblies or concerts.

From luncheon until 2:00 p.m. there will be meetings planned around a variety of pertinent topics.

The idea of E-B Days and E-B Days was started about eight years ago at Lansing, Mich. as a study project under Michigan State College. The movement has been growing and gaining wide acceptance throughout the country.

To Hold Open House
For Former Pastor

Rev. Lloyd Coleman, former pastor of the Frankfort Methodist church, and his wife will celebrate their 25th wedding anniversary, Sunday, Feb. 21 with an open house from 2 to 5 and 7 to 9 p.m. in the Grace Methodist church, 1415 W. 78th st., Chicago.

Members and friends in the Frankfort community are invited to attend. The couple lived in Frankfort for four years, during which time Mrs. Coleman helped out as substitute teacher in the Mokena public schools.

Richard Lorenz to
Wed Crete Girl

Mr. and Mrs. Walter G. Seggebruch, Crete, are announcing the engagement of their daughter, Marie Louise, to Richard A. Lorenz, son of Mr. and Mrs. Albert Lorenz, Frankfort. The wedding will take place Saturday March 6 at 7 p.m. in St. Agnes church, 15th and Chicago roads, Chicago Heights.

Miss Seggebruch was graduated from the Crete Community High school and is employed in the Goldblatt department store in Park Forest. Mr. Lorenz is engaged in farming with his father at Frankfort. He is a graduate of the Orland-Palos Community high school.

"It's all right with the Lord if you pray for a good harvest—but He expects you to keep right on plowing!"

The song, "The Last Rose of Summer," is from the opera "Martha."

ENACT RABIES
QUARANTINE
IN FRANKFORT

Dr. George Lengerich, 320 First st., Mokena, attended a meeting of Cook county veterinarians in Chicago last week. Among items discussed were enforcement of the new anti-rabies law which will take effect in June.

Dr. Lengerich has pointed out that most of the danger from rabies is centered in the area around 175th and Cicero ave. It seems that city dwellers who want to get rid of pets or who do not want to pay for vaccination are dumping the animals in that vicinity, and as far west as 150 miles from Chicago.

The Frankfort village board Tuesday at its regular meeting established a rabies quarantine for dogs inside the village. Notices will be posted to the effect that everyone owning a dog must keep it on a leash while it is on the street or it can be shot by anyone.

Shirley Batson
Marries Harvey
Cross in New Lenox

Wedding promises were exchanged at a 7:30 candlelight ceremony February 13 by Shirley Batson, New Lenox, and Harvey Cross, Monee. Rev. Ralph L. Miller officiated at the double ring ceremony in the New Lenox Methodist church.

The bride is the daughter of Mr. and Mrs. Glenn E. Batson of New Lenox township, and the groom is the son of Mr. and Mrs. Richard Cross, Monee.

Bouquets of white spring flowers and palms decorated the altar. Martha Kern of New Lenox sang "Because," "O Promise Me" and "The Lord's Prayer," accompanied by Dorothy Kohl of Mokena as the organist.

Given in marriage by her father, the bride wore a net over lace bodice, and long tight taffeta gown with pleated skirt. Fitting sleeves that came to a point at the wrist. The dress also had a Peter Pan collar and tiny self covered buttons lined the back of the bodice to the waist. She wore a princess crown outlined with seed pearls and a finger tip veil of illusion net. Her bouquet was of white roses, carried on a lace covered Bible, tied with white satin streamers intermingled with lily of the valley.

Janet Warning of New Lenox attended the bride as maid of honor. She wore blue satin trimmed with tiny flowers and sequins, and she carried a Colonial bouquet of pink carnations.

Chester Bross, brother of the groom was best man. Ushers were Richard Batson, brother of the bride and Leslie Nisson, friend of the groom.

Mrs. Batson chose a brown faille suit dress, pink accessories and a pink Camellia corsage for her daughter's marriage. The groom's mother wore powder blue linen, navy accessories and a pink camellia corsage.

After the ceremony a reception was held in the church parlors for more than 200 guests. A four tier wedding cake centered the bride's table which was covered with a Chantilly lace cloth. Assisting at the reception were Bonnie Batson of Plainfield, and Mrs. Dale King of Archer, Neb. who cut the wedding cake; Margaret Richards of Chicago and Lucille Morrill of New Lenox who poured; Marjorie Roberts, New Lenox and Ramona Harms of Monee, who had charge of the gift table, and Henrietta Cross of Monee, who had charge of the guest book.

When she left on her wedding trip, the new bride was wearing a beige jersey dress, and beige coat, maple colored accessories, and a white rose corsage. Upon their return, the newlyweds will be at home to their friends in an apartment in Manhattan.

The bride is employed at the Ordnance Ammunition center in Elwood and the groom is employed with a construction company in Monee.

Out of town guests at the wedding were from Peoria, Archer, Neb., Chicago, Plainfield, Monee, Beecher, Peotone, Mokena, and Elmhurst.

SQUARE DANCE

The Mokena PTA will sponsor another of its series of square dances at 8 p.m. Saturday in the school gym. There were two adult squares at the last dance.

Hold Services For
William J. Harding

Funeral services for William J. Harding, 71, of New Lenox, will be held at 2 p.m. today, Feb. 18 in the Sonntag funeral home, Joliet. Rev. Ralph Miller pastor of New Lenox Methodist church will officiate. Burial will be in Maplewood cemetery.

Mr. Harding died Tuesday in his home after a long illness. He was a carpenter by trade and had moved from Chicago 23 years ago. He leaves his wife, Elsie, two sons, Dalton, Mokena, Max, Memphis, Tenn.; a daughter, Mrs. Lucille Hagendorfer, Chicago, a brother Ray of California, one sister, Mrs. Blanche Waal, Cherokee, Ia., and four grandchildren.

VOTE TO BUILD
SCHOOL ROOMS
FOR NEW LENOX

New Lenox parents and other citizens went to the polls in large numbers Saturday to vote a definite "yes" on the question of building additional facilities to the Oak View and Haven schools.

Two hundred and 14 "yes" votes were recorded as being in favor of the Haven addition and 69 "No's." Two hundred and 13 voted to pay for its construction by issuance of \$12,000 in school building bonds, and 63 against. The Oakview addition was voted in by a margin of 232 to 51. Two hundred and 29 were in favor of issuing \$48,000 in bonds for its construction, and 54 were against.

The election was held after repeated urgings on the part of school authorities, who cited increased enrollments and the need to divide the present classrooms for better teaching. It was pointed out that many slower learning pupils do not get the attention they should. Gym facilities are inadequate, and the school must restrict its physical education program to what is now available. It also was pointed out that there would be danger of losing state aid, which is about 60 per cent of operating costs, unless standards set by the Illinois department of Public Instruction are maintained.

The schools have enrolled 65 children more than there were attending in May. Most rooms in the Oakview school have 34 to 46 pupils, which is far above the figure of 30 considered as being a crowded classroom.

Anna Mae Lackner
Weds Richard Kirk

In a candlelight service on Feb. 14 in the Mokena Methodist church, Anna Mae Lackner, daughter of Mr. and Mrs. Joseph Lackner, Frankfort, was married to Richard Kirk, Jr., son of Mr. and Mrs. Richard Kirk, Mokena.

The Rev. Ralph Miller officiated at the double ring service, assisted by the Rev. Hughes B. Morrison Jr. Mr. and Mrs. Robert Peterson attended the couple.

The bride wore a blue suit with navy accessories and carried white carnations. Mrs. Peterson, the groom's sister, wore a grey suit with black accessories and also carried carnations.

The wedding was attended by the immediate families. A supper was given in the home of the groom's parents. Mr. Kirk who has been in the service for 18 months, will return to Fort Bragg, N. C. The bride will make her home with his parents and join her husband later.

Wayfarers Meet
In Clark Home

The Wayfarers and Auxiliary met at the Henry Clark home last Saturday evening for their regular monthly meeting, which was very well attended.

Mr. and Mrs. Mac Bottema were enrolled as new members. After a brief business session, games were played. Refreshments were served by Mesdames, Anderson, Boyer and Clark.

The next meeting will be held in the Harley Mann home on March 13. All members are asked to come out for the usual good time.

STOLEN CAR

A vehicle owned by a Chicago man, William Luther Jr., of 2343 W. Marquette rd. was found stripped and abandoned Feb. 10 near route 45 two miles south of Frankfort. The wheels and spare tire and battery were missing.

MUSIC PROGRAM

A number of the Mokena Public school students, as well as the Joliet High school orchestra, will perform at the Mokena PTA meeting Tuesday, Feb. 23 in the school. After the opening number by the Joliet band, William Reed will lead the Mokena grade school band in several selections, and the first grade rhythm band will perform.

The third and fourth grade children will sing two Alaskan songs. Special solos and duets will be given by Leonard Hemmerich, Sandra Swinford, Robert and Violet Teske, Bonnie Rydell, Donald Lehmann, Roger Swart, Dennis Porick and Carol Gilmore.

The grade school chorus will close the program.

The ways and means committee has expressed thanks to all who helped make the recent bake sale a success, especially to Mrs. Ralph Howell, Mrs. Wendell Hamilton, Mrs. Russell Anderson and Mrs. Gerrit Swart all of whom worked hard at the sale.

SET \$510 GOAL
FOR FRANKFORT
RED CROSS FUND

The Red Cross campaign goal for 1954 in Frankfort is \$510, according to Mrs. David B. Munson, who has been appointed as chairman. She and her workers will hold a door to door canvass of the village and vicinity south of route 30 during the month of March. Mrs. Lilly Herschbach is co-chairman for Frankfort.

Co-workers are: Mrs. Robert Schweizer, Mrs. LeRoy Mager, Mrs. Les Christjanson, Mrs. Lloyd Lühring, Mrs. Bert Larson, Mrs. Delbert Seemann, Mrs. William Breidert, Mrs. Jake Hostert and Mrs. Harold Heister.

Others are: Mrs. Marion C. Bell, Mrs. Charles Mark, Mrs. Ed. Warning, Mrs. Marie Bettenhausen, Mrs. Warren Anderson, Mrs. Joe Scott, Mrs. Henry Landau, Mrs. Walter Harnack, Mrs. Walter Pfaff and Mrs. Bertha Klepper.

Lincoln Estates workers are Mrs. John Van Donk, chairman, Mrs. Ray Florey, Mrs. Fred Wiegell, Mrs. Harry Lull and Mrs. Stanley Balsie.

A meeting of workers has been planned for 1:30 p.m. Feb. 26 in the Frankfort Methodist church. Mrs. Munson urges all workers to attend, as well as anyone else interested.

Overalls and gingham dresses will be in high fashion when the parishioners of St. Mary's church, Mokena, gather with their friends and neighbors for a real old fashioned get acquainted hard time party.

It will be held in St. Mary's School hall Saturday, Feb. 20. Rev. Koop has expressed the wish for a very good attendance so that all within the parish may become better acquainted with each other.

There will be plenty of fun, good music, dancing and good food, he said.

CARD PARTY

The Summit Hill Boosters will sponsor a card party Friday evening Feb. 19 in the school starting at 8 p.m. Hostesses will be Mrs. Richard Baen and Mrs. Clarence Lauffer.

BAKE SALE

The Altar and Rosary society of St. Jude's Catholic church will sponsor a bake sale in the library Saturday starting at 10 a.m. Mrs. Sheldon Hauck is chairman of the sale.

Pumping of deep wells in Joliet was begun Monday in a move to relieve a serious water shortage throughout. Homes township, James Frazer said yesterday. He is a Homer township farmer and former member of the Will county board of supervisors.

Last week Frazer, in conference with Joseph Whalen, Joliet commissioner of public property reported that wells of Homer farmers are almost dry and that some have no water at all.

Many have been borrowing from neighbors, in milk cans and barrels.

The shortage is credited to the abnormally dry spell of last summer and the use by the City of Joliet of shallow wells in a Homer township gravel bed area.

These were established with a 1948 bond issue of four millions, intended to lower the power cost in pumping water to Joliet users. In contracts with Homer township farmers who have the wells and water lines on their farms, the city promised that if they lost their water, it would be supplied by the city of Joliet. This has been done, and other farmers less fortunate, are experimenting with digging their wells as much as 20 feet deeper.

It was estimated that the changeover would take until today, but Homer township farmers were cautious in predicting how long it would take to build the water level back up, noting that Monday night's rain was especially welcome. Some say it will take 30 days.

Joliet will cut out all shallow wells in the township although it will mean a huge increase in operating costs to pump from its own deep wells.

"It's costing them \$100 a day extra for power now," said Frazer, "just twice what it cost when they were using the shallow wells. He added that Joliet had decreased operating costs from \$74,000 in 1951 to \$33,000 last year. The Joliet deep wells averaging 1,700 feet, require 300 hp. motors, while the shallow (100 ft.) wells take only 50 hp. motors."

Report Outbreak
Of Grass Fires

Calls for four grass fires were answered by the Frankfort Fire department during the past week.

On Monday it was called out to a fire along the road northeast of the Beutel farm northeast of town. Wednesday a fire broke out on the Harold Bankow farm, southwest of town.

There were two alarms within 15 minutes Saturday, the first from the Thompson farm north of town, and the second at the Minnie Jordan home on 94th ave. In the latter, the grass became ignited near the house and kitchen about 100 feet from the house. No one was summoned the Fire department, which responded quickly.

The summer kitchen was partially destroyed. Also burned were a washing machine, and garden tools. The grass had burned within one foot of the Jordan home.

Order \$3,100 Paid
In Dram Shop Suit

Payment of \$3,100 to the six children of Raymond Eichelberger in settlement of a dram shop suit has been approved in Probate Court by Acting Probate Judge Leonard Hoffman. It will be paid to their mother, Mrs. Dorothy Eichelberger, by Alfred and Josena Gabel, doing business as the Lockport Liquor store, and Walter Freehauf, operator of a tavern in Lockport.

Five of the children will receive \$600 each, and \$100 will go to a five month old son born after the father's death.

Eichelberger died May 24 as the result of self inflicted gunshot wounds. The suit charged he had been served intoxicating liquor at the two taverns in Lockport.

Labor to Honor Ray Shea For Long Years of Service

On Saturday, February 27, 1954, members of organized labor in Will County will honor Raymond E. Shea at a testimonial banquet commemorating his

Raymond Shea

25 years of leadership in the labor movement in this community. For 20 years, he has served as president of the Central Trades and Labor Council, believed, by some, to be a record seldom exceeded.

Mr. Shea began his long labor career as a member of the Printing Pressmen's Local Union and later became a member of the Butcher's organization where he served as president for several years. He is active in the L.L.P.E. served on the Resolutions Committee of the Illinois State Federation of Labor conventions. His good judgment and ability to maintain harmony between labor and management has been recognized by labor leaders throughout the State of Illinois.

Labor in Will County has ex-

pressed its feeling of appreciation to William F. Schnitzler, secretary-treasurer of the American Federation of Labor who will take time out from his busy schedule and come to Joliet, to appear before the guest at the testimonial dinner as principal speaker.

Among other labor dignitaries expected to attend are: Reuben G. Soderstrom, president and Stanley L. Johnson, secretary-treasurer of the Illinois State Federation of Labor; William Schoenberg, president of the United Cement Lime and Gypsum Workers International Union; William L. McPetridge, president of the Building Service Employees International Association of Machinists.

Invitations have been extended to Governor Stratton and various state officials. Business and civic leaders have expressed their willingness to participate in this event to honor a man for whom they have a great deal of respect.

Channel 11 to Have WTTW as Call Letters

Channel 11 has its call letters. Chicago's forthcoming educational television station has been named WTTW, Window to the World.

The letters were selected from more than 350 suggestions submitted to the Chicago Educational Television association, non profit corporation sponsoring Channel 11. Mr. Edward Ryerson is president of the association.

"In the judgment of the board of trustees and other Channel 11 advisors, WTTW is most indicative of the purpose of Channel 11," Mr. Ryerson said. "The new station, with its unlimited opportunities for education and community service, will add a new window to every Chicago area home — a window to the world."

"Through this magic window," he declared, "the five and a half million people of this community can see the wonders of all our great artistic, educational and cultural institutions sponsoring this pioneer project."

WTTW was suggested by Mrs. Rachel Marshall Goetz, 1332 E. 56th st., Chicago.

Nearly 300 men and women throughout the Chicago area and from nearby cities in Michigan, Wisconsin and Indiana responded to a newspaper appeal with one or more suggestions; and a national magazine story brought additional replies from as far away as Alberta, Can.

"We appreciate this overwhelming response, which is another indication of the community's interest in its forthcoming station," Mr. Ryerson commented.

Selection of the call letters was governed by regulations of the Federal Communications Commission, which specified that Channel 11's letters must start with "W" and must not duplicate those already in use by other stations and ship to shore telephones across the country. This eliminated three-letter combinations, all of which are in use, as well as many four letter combinations which sound like those held by other stations

fer. With each valentine a gentleman bought went the lady who brought it. Refreshments were served buffet style from a table appointed with Valentine motifs. Mr. and Mrs. Charles Elliott, Jr., moved into their new home on Oakview Drive in New Lenox, last week.

The program committee of the Missionary society met with Miss Agnes Haley Friday afternoon. The monthly programs for this year were planned. Others present were Mrs. Loren Sass, Mrs. Edward Sproat and Mrs. Charles Sass. Mrs. Sproat is the chairman of the committee. The handwork committee of the society met Monday afternoon in the home of Mrs. Francis Nelson to plan activities for the year. Mrs. Nelson is chairman.

Mr. and Mrs. Russell Lauffer and family entertained at a dinner Sunday Mr. and Mrs. E. D. Gillette and Mr. and Mrs. Edward Sproat and daughter Bonnie. The occasion was in honor of the birthday of Mrs. Gillette.

Mr. and Mrs. Vincent Barney of Oak Park were entertained at dinner Sunday in the home of Mrs. C. F. Haley and Miss Agnes. Guess Sunday in the Howard Handorf home were Mr. and Mrs. John Hollister and family of Homer and Mr. and Mrs. George Miller and family of Ridgewood.

Mr. and Mrs. Glenn Peterson, Mr. and Mrs. Loren Sass and Cheryl and George B. Peterson of Joliet were dinner guests Sunday of Mr. and Mrs. Dale Peterson in Melrose Park. Geo. Peterson was feted in honor of his 83rd birthday which will be Feb. 28. The Petersons entertained at open house during the afternoon for their son Robert, who left Monday for service with the Air Force.

Mr. and Mrs. Fletcher Binion, Jr., visited friends in Indiana Saturday evening.

Guests of Mr. and Mrs. Clayton Cleveland Sunday evening were Mr. and Mrs. C. H. James of Oak Lawn and Mr. and Mrs. Ed Malnar and family of Tinley.

Mr. and Mrs. Charles Elliott were entertained at a dinner party Friday night in the home of Mr. and Mrs. Charles Ballantyne at Palos Heights.

The bakery sale sponsored by the Marley Women's club in the Cooper and Hostetler's garage in Mokena, Saturday afternoon, was very successful. Mrs. Adella Sproat and Mrs. Herschel Aseltine were co-chairman of the sale. The cake made by Mrs. John Hasibar was awarded to Mrs. Charles Ingram.

Mr. and Mrs. Robert Sproat were guests of the Bill Clarks in New Lenox Friday evening.

The Maple Street School celebrated Valentine's day at a party in the school Thursday afternoon. Mrs. Robert Sproat assisted the teacher, Mrs. Muriel Korista. There were games, refreshments and a valentine exchange. The Hadley school also had their valentine party Thursday afternoon. The teachers, Mrs. Charles Jensen and Miss Mary Welterhahn were in charge of the games and refreshments. Valentines were distributed from two very pretty mail boxes.

Education institutions, religious and civic organizations will participate. Programs will extend the work of the conference which stimulates year around programs in schools and colleges, churches and synagogues, labor management and community organizations, and in newspapers, magazines, motion pictures, radio and television.

The purposes of Brotherhood week, according to Dr. Everett R. Clinchy, president of the conference, are to give people an opportunity to re-dedicate themselves as individuals to the ideals of respect for people and human rights.

"We try to dramatize practical things that people can do to promote understanding and realization of those ideals. Brotherhood week is a campaign against the prejudices and bigotries that disfigure and distort religious, business, social and political relations."

An inventory of the nation's moral and spiritual resources for brotherhood is being undertaken by the conference as one of its main tasks during the year. Brotherhood week groups will aid in the survey. Results will be reported to President Eisenhower.

'Get Together' Is Brotherhood Week's Pledge

Nation wide observance of Brotherhood week, sponsored by the National Conference of Christians and Jews, starts Sunday and continues through the 28th. President Dwight D. Eisenhower is honorary chairman.

Accentuating the theme "Let's Get Together," the week will stress community good will thru home gatherings that will encourage neighbors to know each other better.

Special events will be held in more than 10,000 communities throughout the United States.

Mrs. Sherman Knox
Orland Park 211W

Miss Ruth Bjorngjeld, Orland Palos High School office manager, took advantage of the Lincoln Day holiday to fly to Florida where she spent the week end visiting her family who are vacationing at Largo. The home of Miss Bjorngjeld's family is in Denver, Minn.

Mrs. Katherine Heisner, Mrs. Marie Bettenhausen and Mrs. Clara Ulrich of Frankfort, visited their aunt, Mrs. Katherine Brandau at Orland Park Feb. 7. Mr. and Mrs. Thomas Cooper were dinner guests Wednesday evening, Feb. 10 of Mr. and Mrs. Ralph Show, honoring their granddaughter, Kathy Lou and her second birthday.

Mr. and Mrs. William Nicolai left Sunday for a vacation trip to Miami, Florida.

Mr. and Mrs. Sigmund Smith were surprised Sunday evening, when a car with a Michigan license pulled in their drive way. The callers were Mr. and Mrs. Kenneth Hendricks, who lived in Niles, Mich., but have recently purchased a home in Tinley Park on 167th St. and just moved in last week. The change of address was necessary on account of business transfer.

Bob Town, who is with the signal corps staff, headquarters detachment, and Virgil Butler of Education and Information, both of Ft. Riley, Kansas, expect to be home this week and Washington's birthday.

Mr. and Mrs. Jock McIntosh received a rare Valentine, Feb. 14 on the arrival of a baby boy, at Little Company of Mary hospital. The infant weighed seven pounds eight ounces. Mrs. Gustie Hallinan can boast of having two grandchildren born within a week.

Thirty-two committeemen, committeewoman and president's of Republican clubs in the 4th Congressional district, attended a luncheon, Feb. 9 at Phil Smith & Son restaurant in Whiting, Ind., as guests of Major Albert V. Becker, State committeeman of the 4th Congressional district. Mrs. Mabel Ekberg and Ike Cleveland of Orland Township, and Mrs. Wells Tuttle Lester Mahaffey of Palos Township were among the guests.

The WSCS Day group of the Orland Park Methodist church will meet with Mrs. Forrest Miller, Thursday, Feb. 25, for an all day session. Luncheon will be served at noon, members are to bring sandwiches. The business meeting will follow the devotion. Bring carpet rags which you have prepared and also material to be torn and sewed for the carpets. Mrs. Richard Farr and Mrs. George Sayers will assist Mrs. Miller as hostesses. Christ Yunker is a patient in the Wabash hospital in Decatur, under observation.

Mrs. Lois Garmon entertained her club in her home last Wednesday evening.

WASHINGTON AND "SMALL BUSINESS"
By C. WILSON HARDER

There's something about Iowa atmosphere and traditions that prompts its folks to stand up and be counted with no double talk.

Latest evidence of this fact is the action the W. A. Sheaffer Pen Company of Iowa, in hiring not one, but three leading detective agencies.

To learn how discount houses are getting their merchandise to sell below Fair Trade prices.

This story almost ranks with the man who bit the C. W. Harder dog, because in 1953 discount houses sold approximately \$125,000 worth of Sheaffer products.

Yet the W. A. Sheaffer Pen Company whose policies have built a dealership corps of 38,000, is willing to spend far more money to stop bootlegging of their products.

Here is the issue.

Most manufacturers, even when their brands are not Fair Traded establish fair retail prices. In some appliance lines franchises are revoked for selling below these prices.

The reason is simple. Regardless of quality controls exercised in any factory, there is bound to be defects in a certain percentage of the gross output. Manufacturers depend upon dealers to take care of any defective merchandise. Therefore, a retail price is set which returns the dealer a fair profit and reimburse him for the cost of any service he must extend.

But all over the nation discount houses keep springing up, selling standard brands at a discount. The buyers are given no

Supersonic Standstill—Oil lab scientists log thousands of hours of "ground flying" to develop the fuels and lubricants for jet flight. Long before the new jet engines are flight-tested their needs are predicted by studies which duplicate actual flying conditions. Tomorrow's swift intercontinental jet flights are being blue-printed at Texaco's main research center where round-the-clock tests are run on gas turbine combustor section. Seen during a night run, the unit glows white hot.

SCIENCE and your Health
MOTION SICKNESS
By Science Features

To millions of sensitive travelers, life on the bounding main means just one thing: seasickness. And these same unlucky travelers will often be subject to other forms of motion sickness such as air and road sickness.

The symptoms of motion sickness—and it is actually quite a serious condition—are well-known to most of us. The stomach begins to churn like the sea itself, the face becomes pale and breaks out in a cold sweat, there is dizziness and often nausea and vomiting.

These unpleasant sensations result from the stimulation, by constantly repeated motion, of certain of the body's sense organs. In the past few years science has developed several drugs in the hope of counteracting this stimulation in queasy travelers.

The most recent, and apparently the most effective, of these drugs is one called Bonamine. Tested by the Army, Navy and Air Force, Bonamine proved to give 24-hour protection against air and seasickness with just one tablet, in contrast to the repeated dosages necessary in other such drugs.

Army doctors gave Bonamine to 115 soldiers on a troopship crossing the Atlantic and found that it protected against motion sickness in 109 of the cases. When 302 paratroopers were given the drug 97.4 per cent suffered no symptoms of air sickness.

The most important statistic in considering pedestrian traffic accidents is the fact that 9 out of 10 pedestrian traffic fatalities are non-drivers. The very young, the aged and people not acquainted with the operation of motor cars account for the vast majority of those killed in traffic. Lacking first hand

knowledge of motor car operation, these people tend to depend too much on the motorist seeing them and being able to stop.

The Chicago Motor Club advises motorists that in many states it is illegal to coast down hills with the gear shift lever in neutral or with the clutch disengaged.

The very young, the aged and people not acquainted with the operation of motor cars account for the vast majority of those killed in traffic. Lacking first hand

knowledge of motor car operation, these people tend to depend too much on the motorist seeing them and being able to stop.

The Chicago Motor Club advises motorists that in many states it is illegal to coast down hills with the gear shift lever in neutral or with the clutch disengaged.

CARD OF THANKS

I want to thank everyone who was so kind to send get-well and birthday cards and gifts to me while I was in the hospital and since I am home. I appreciate them very much.

MRS. HARLEY GILLETTE

CARD OF THANKS

We want to extend our grateful thanks to the Mokena fire department and to our neighbors who so quickly responded to our call for help at the grass fire near our home and vicinity last Saturday.

MR., MRS. JOSEPH SPIMAC

Miss Emma Stigall of Orland Park, Miss Barbara Marti and Mr. and Mrs. Milton Geuther of Mokena spent the weekend at Marshall, Missouri where Russell and Barbara Geuther are attending Missouri Valley College. Barbara was recently initiated into membership in

Alpha Z Delta, national social sorority.

Mrs. Edwin Dunham and Mrs. Brooks McElven left Sunday by motor for Florida.

Mrs. Mary Clark spent Sunday with her son Robert and family in Chicago to help celebrate her grandson Curt's third birthday.

Mrs. Hugo Neithammer, who spent last week with her parents Mr. and Mrs. Elmer Cooper while she was ill with Quinsy sore throat returned to her home Sunday. She is slowly improving.

Elmer Cooper, who has been confined to his home by illness for two weeks, is about again. He has had x-rays taken this week for gall condition.

Mrs. Virginia Moore of Telford, Tennessee is spending a few days this week with her brother Hugh Deadmore and wife.

The Civic association met in the VFW hall Tuesday evening, Feb. 15. The dates for the annual homecoming were set for August 13, 14 and 15.

A. P. Belanger returned Sunday from Canada where he installed a leather drying machine. He was there about three months.

Miss Carol Fassett, daughter of Mr. and Mrs. James Fassett, suffered a mishap two weeks ago

when she was starting to go upstairs in her home. She tripped and landed on her left hand breaking the small bone at the base of her thumb. Although the thumb is in a cast, it is healing nicely.

A son was born to Mr. and Mrs. Emory Fulton of Tinley Park Feb. 12 on the second birthday of his sister Jill. He weighed eight pounds and has been named John Phillip. Mrs. Fulton is the former Miss Jean Shevlin, daughter of Mr. and Mrs. Henry Shevlin.

Miss Adeline Semmler entertained her Sunday school class of the Methodist church in her home Friday evening at a Valentine party. The recreation room was decorated in white and red crepe paper and in red paper hearts, the hand work of Miss Jacqueline McGinnis. Games were played followed by shuffle board. Recorded music added to the pleasantness of the evening. Refreshments were served.

Miss Teresa Shier, head of the publicity department of the Silver Cross hospital spent Sunday afternoon and evening with Mrs. Margaret Semmler. They enjoyed dinner at Tiebel's.

Mr. and Mrs. Frank Greenhoe of 159th st. entertained Wednesday at dinner in honor of the 12th birthday of their daughter, Geraldine. Present were Mr. and Mrs. Walter Seibens and family, Mr. and Mrs. Albert Erickson and family, Mr. and Mrs. Frank Carpenter and family, Mr. and Mrs. Frank Harris and family, and Mr. and Mrs. Thomas Thurbie, Jack and John.

Erwin Yunker proved himself a good neighbor Friday when he offered to Dr. Lingerich of Mokena the use of his implement shop at 159th and Wolf road for the purpose of inoculating dogs against rabies. Twenty four dogs and two cats have had the shots.

Albert Citero and Chuck Stewart spent Friday in Chicago. Jackie LaFever, Mrs. Polly LaFever, Mrs. Louis Lucas and Michael Yeager were Sunday guests in the Edward Umek home.

The Doctor school PTA will hold its regular meeting Thursday, Feb. 18 in the schoolhouse. A Founders' Day skit and history of the PTA have been planned. The PTA invites everyone to attend.

Mr. and Mrs. Glen Ferguson, Wanda and Charles visited in West Union over the weekend.

Mr. and Mrs. Jere Vanek, and Bob were weekend visitors of her parents, Mr. and Mrs. W. J. Alcorn. Mr. Alcorn is superintendent of the County home in Knox, Ind.

Mrs. Roberta LaFever's mother, Mrs. Daisy Lindeaur formerly of Wooded Estates is a patient in St. Anthony's hospital, Chicago, where she will undergo surgery.

Mr. and Mrs. Charles Stewart entertained at dinner Sunday her sister, Mrs. Noble Delascio and James of Chicago and Mr. and Mrs. Lester Sayers.

Mr. and Mrs. Erbin LaFever, Raymond LaFever and Jeanne Green were Sunday dinner guests of Mr. and Mrs. Vern LaFever, Midlothian. Raymond and Jeanne will be married May 8 in Chicago.

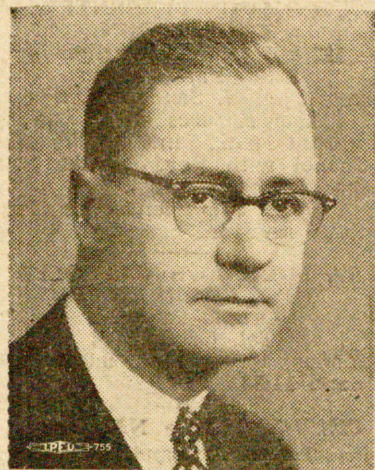

Mr. and Mrs. Donald Maue and family were Sunday guests of Mrs. Mary Vernon and Agnes Thompson, Chicago.

Julie Lesniowicz spent the week end with her sister Betty at Mercy hospital, where the latter is staying while attending St. Xavier college for nurses. The girls' parents, Mr. and Mrs. Stanley Lesniowicz, visited Betty Sunday at the hospital and attended mass and communion in the St. Xavier chapel. Later they breakfasted together in the student lounge.

Roy Doerfler Is Candidate For Will Co. Sheriff

Roy C. Doerfler of Joliet is a candidate on the Republican ticket.

Roy C. Doerfler
ket for sheriff at the primaries

April 13. This will be his first four-year term.

Under an old law a sheriff normally cannot succeed himself but in an opinion given to States Attorney Frank H. Masters, Jr., recently by Illinois Attorney General, Latham Castle, it was ruled that a person elected or appointed to fill a vacancy in the office of sheriff is eligible to succeed himself in office.

Castle informed Masters that the same situation prevails in six other Illinois counties where sheriffs have died in office, and their successors are seeking reelection.

Having compiled an enviable record as a peace officer while serving under four previous Will county boards of supervisors to fill the office of sheriff following the untimely death of Ernest E. Overbey in 1952, Doerfler was subsequently nominated in a special primary and then elected to fill the unexpired term.

Identified with the sheriff's office for 13 years, Sheriff Doerfler served as a special investigator of criminal matters for nearly eight years. He was qualified for this duty thru training received at the Federal Bureau of Investigation National Police academy, from which he was graduated with high honors.

A tireless worker, Doerfler, thru his excellent training, has brought about a solution of many serious crimes perpetrated in Will County while serving as a chief investigator.

A stern foe of organized crime and racketeers, Sheriff Doerfler has kept his pledge upon taking over as Sheriff—that to keep Will County free of gambling and vice.

During his two year term as Sheriff, Doerfler has installed a new card index Report Filing System which is invaluable in criminal investigations.

The County Police Department's Bureau of Investigation, which includes the fingerprinting and photographing of law offenders, likewise received a

major overhauling under Doerfler's regime.

In streamlining his office, Sheriff Doerfler has inaugurated special training for his staff to improve its efficiency. The training has included instructive talks by FBI agents, lawyers and police officials.

Doerfler has introduced many modern methods in combating various types of crime and in addition has installed modern

police equipment as far as the budget would allow.

Political observers are of the opinion that Sheriff Doerfler has proven himself an outstanding and competent police head and that the voters will show their appreciation by returning him to office for another four years.

Schuldt Scores 13 In Rockdale Vs. Mokena in Tourney

The Mokena Lightweights won their fifth Des Plaines Valley Conference victory Thursday defeating Rockdale 32 to 16 at Rockdale. The Heavyweights lost the second game 24-7.
Rockdale jumped off to an early lead in the first game as they scored six baskets in the first quarter for a 12 to 9 edge. Mokena fought back on three baskets by Porick in the second period to lead 16 to 12 at half.
Mokena continued their fine defensive play and displayed a well balanced offense to completely dominate the game in the third.
Porick scored two more baskets and Lehmann three as Mokena scored 10 points while holding their rivals scoreless. The quarter ended with Mokena ahead 26 to 12 and reserves finished the game. Rockdale managed two baskets but Schuldt hit three for the winners to establish the final score. Schuldt's play was outstanding as he finished the game as the high scorer with 13 points. Porick's 10 points and Lehmann's 7 followed closely behind.
The Heavies played Rockdale even in the first half which ended tied 5 to 5. The home team pulled away steadily in the second half as Mokena was unable to score even one basket. The outcome was in doubt until Rockdale rang up 12 in the final period.

Such bowling, some good scores and also some bad ones. On the good side were Wally Goebel's 555, Logan Rick's 215-536, Ava Funk's 206-531, Frank Lehmann's 208-527, and Andy Platt's 504. Now how about a big 83 for the other side of the ledger? Hey Sponsor Lehmann Bros. do you have some gas or oil that might help your team? They sure need it! It took one bowler 13 frames to get a mark (that lucky 13). Goebel's defeated Lehmann's 2, games to pull Lehmann's closer to the cellar. Lehman's capt. and INR		

Beatty's Capt. talked of trading a couple of bowlers but decided it wouldn't help much.
Bremen State is still on a ram page. They handed the leaders a triple defeat to cut their lead down a little. They are also setting some high scores for the rest of the league to shoot at. I think Allan has learned to hit the 5 pin, the way he is climbing.
INR Beatty took 2 from Vogt's Dept. Store. It wasn't that INR was so good, but that Vogt's were so bad. Oh well, better luck next week fellow bowlers.
We've seen one Sponsor around the lanes a few times this year, cheering his team on let's keep it up.

St. George Team Upsets Methodists

Dan Czernick stole the ball with 25 seconds left in the second overtime period to give the Catholics an upset victory of 48-46 in basketball Tuesday over the first place Methodist team.
In the season's most thrilling game, the third place Catholics were never more than three points behind. Bob Mason of the Catholics in the clutch to end up with Catholic team consistently scored.
Jerry Hug was high for the losers with 14 but fouled out in the fourth. He took over the scoring burden after Dave Hutchinson fouled out. Forty three fouls were called against the two teams.
The first place Mixed beat the Lutherans 48-39. The Lutherans trailed 22-19 at the half. Dale Hartwig dumped 19 for the losers and Jack Tomlinson 18 for the winners.
Standings are Mixed, 11-2 Methodists 10-3, Catholics, 5-8 and Lutherans 0-13. Scoring leaders are Dale Hartwig, 226, Jack Tomlinson, 206, Dave Hutchinson, 191 and Ron Stenge, 190.

FRANKFORT WOMAN— (æðd uoij uoij pœnuuocj) reached 38,000, which is more than those of the American armed forces in Korea.
Injured on the highways were 1,350,000 including more than 100,000 permanently maimed. Money loss amounted to \$3,750,000,000.

Have Know How
Safety organizations and public officials have long since learned how to reduce accidents. The knowledge will translate this knowledge into results by means of vigorous, continuing public support.

Delegates in each of the seven groups will be asked to determine what they can do to support proven measures and to bring about their wider application.

Secretary of Commerce Sinclair Weeks is general chairman of the conference, assisted by Robert B. Murray, Jr., undersecretary for transportation. Directed the conference is Rear Admiral Harold Blaine Miller (retired), director of information of the American Petroleum Institute and executive director of the Oil Industry Information committee.

The conference had its origin last July 28, when the President invited 28 business leaders to the White House to discuss what could be done about the street and highway accident problem.
It required 50 years for the United States to reach its millionth traffic fatality in 1951. Present indications are that only half as long will be needed to reach the second million, in 1970.
The first highway conference in 1946 worried about the accident exposure generated by some 35,000 motor vehicles. Now it is necessary to cope with

the hazards created by 54,000,000 vehicles. The action program developed by the 1946 and 1950 conferences covers the fields of education, engineering, accident records, motor vehicle administration, enforcement, laws and ordinances, and public information and support.

Good Results
Its effectiveness has been demonstrated by the fact that those states and communities which have most faithfully followed the recommendations have sharply reduced their accident tolls. Through partial application of the accident program, the national fatality rate per 100 million vehicles has been reduced more than one-third since 1946.

Yet, these advances have been achieved with only spotty and frequently haphazard effort. Nationwide, there has never been carried out more than 60 per cent of what might be termed the minimum recommended program. In the words of Secretary Weeks:

"If the goals of the conference can be realized, it will mean the saving of one American's life every 36½ minutes of the next year. This means the saving of 15,000 lives within 12 months, the prevention of some 600,000 personal injury accidents, and the saving of some one and one-half billions, which represents 40 per cent of our annual accident cost."

Organizational work of the conference is staffed by the Bureau of Public Roads in the Department of Commerce. Headquarters are in the General Ser

vices building, Washington 25. Secretary of State Charles F. Carpenter, chairman of the Illinois delegation to the conference, has expressed hope the conference will help Illinois reduce its highway accident rate.
"It was Governor Stratton's firm and unswerving support of the new Drivers License act, which I had had introduced in the last General Assembly, that finally gave Illinois enforcement officials the controls so desperately needed if they were to curb drunken, reckless and criminally negligent drivers," Carpenter said.
"Both the Governor and my-

self—along with all right thinking citizens—are determined to do everything in our power to help reduce the terrible toll of death and injury on our streets and highways. The Drivers License act was a badly needed and essential weapon in the fight for highway safety, but it is only a beginning.

"It is my intention to submit to those at the conference the newly revised edition of our driver training manual, 'Rules of the Road,' which has recently been hailed by traffic safety experts as a model book for driver education purposes."

Ford's New Ball-Joint Suspension gives you the Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!

Seals out dirt. You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean—wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

The "old" roads won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal Ford's ride—because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford... whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership—with clean, modern lines... sparkling new colors... and harmonizing upholstery fabrics and trim.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms reduce the number of wear points and insulate chassis from road noises.

We cordially invite you to Test Drive a

BROTHERHOOD IS WEAPON

By Avery Brundage

The sports world has a particularly significant contribution to make to the observance of Brotherhood week. The principles of tolerance and brotherhood go hand in hand with participation in athletics.

The Olympic games are an excellent example. We don't tolerate discrimination. The only requirement is that an athlete must be an amateur who plays for the fun of it. We take anybody—our doors are open to all. It is ability that counts. A Hungarian youth who competed in the weight events at the 1948 Olympics in London, said:

"If every person could have such an experience as this, how wonderful it would be. Then there would be no hard feelings and few wars between peoples, let alone wars."

We live in a materialistic world, and one of many contributing political ideologies. It is amazing that such an idealistic enterprise as the Olympic movement has grown and prospered in such an atmosphere.

The significance of sports in the world today has often been illustrated in the Olympics. It

is a Czech distance runner collapsing and being helped by a Norwegian, an American and a Korean. It is an outclassed Japanese runner moving to the outside of the track so that a Pole and a Finn might have a chance to break a record.

It is the universal desire to play fair by men of every ideology and of every race.

In 1936, when the Olympic games were held in Nazi Germany, much was made of a report that Jesse Owens had been snubbed by Hitler because he was a negro. Actually, Hitler didn't shake Owens' hand because the Olympic committee had forbidden such displays.

The committee suspected Hitler might attempt to use the games for Nazi aggrandizement. However, it was made clear to the German dictator that he was to be only a spectator at the games, that he had nothing to do with their conduct.

Rather than risk having the games withdrawn from Germany, Hitler acceded, making the Olympic committee the only organization to lay down the law to the Nazis and make it stick.

The real story of the Berlin games was the performance of four Negroes—Owens, John Woodruff, Archie Williams and Cornelius Johnson—who won six world championships in a land where racial intolerance was the rule.

The Olympic ideal of sport for sport's sake has defied dictators, outlasted wars and risen above political struggles. Sport is one of our most effective weapons against prejudice and intolerance.

CHRISTIAN SCIENCE CHURCHES

That increased wisdom and capability are available to all through obedience to God's spiritual laws will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Mind" includes the following admonition of Moses:

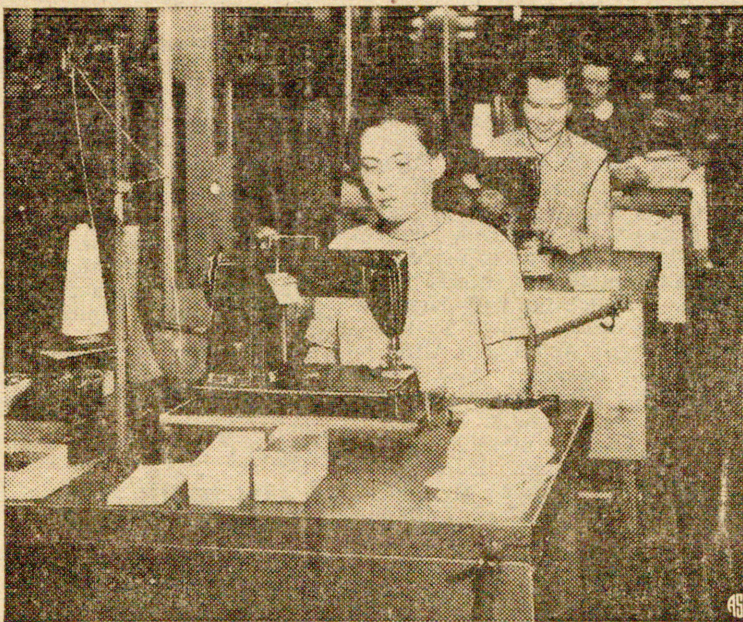

"Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deuteronomy 6:4,5).

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following:

"Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind" (200:4).

The Golden Text is from Romans: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!" (11:33.)

Make Sewing Machines In South

New Singer slant-needle sewing machines undergo final tests before shipment from the South's first sewing machine factory at Anderson, South Carolina. The machine being made, a new type known as the slant-needle is almost entirely aluminum, half the weight of conventional cast

iron machines. Slanting of the needle bar gives the home seamstress a better view of what she sews. The girls are Rachel Whitfield, Ruth Singleton and Sylvene Fowler. Manufacture of Singer machines continues also at Elizabethport, New Jersey, and Bridgeport, Conn.

Bill Bailey, affable disk and story spinner of WMAQ's daytime Bill Bailey Show, has launched a new series of Saturday eve record spinning and interview sessions from the plush surroundings of the Sirlin Room in Chicago's Stock Yards Inn—670 on your radio dial, from 10:05 to 11:00 p.m. The weekend stanzas, also dubbed The Bill Bailey Show, are described by Bailey, leading mid-west country and western music authority, as having a "society-western emphasis—meaning the programs will spotlight top-drawer country and western music plus interviews with leading talent in C&W waxing as well as in radio and TV."

Woodcraft mentor Walt Durbahn marks the fifth anniversary of his Walt's Workshop weekly series on WNBQ-Channel 5 (Fridays, 7:30 p.m.) early in February. It was in 1949 that Durbahn transferred shop equipment from his own basement to the NBC studios. The veteran TV instructor has been holding forth since, dispensing step-by-step construction hints on all manner of home handicraft for a large and devoted band of Walt's Workshop fans. Durbahn retired from 37 years of public school teaching last June. As chairman of the vocational education department at Highland Park H. S., he developed and guided a plan of practical vocational education in the building trades that was hailed in educational circles and widely copied in all parts of the country. The master of woodworking mastered the techniques of TV in short order, and is one of WNBQ's pioneers, sharing with Workshop announcer Norm Barry the distinction of participating in one of the station's (and Chicago's) elder video shows.

Dr. Frances Horwich, better known as Miss Frances to a few million pre-school sprites, garnered the amazing total of 18 national awards during the past year for her Ding Dong School daily series. Dubbed "What the Public Wants" in her citation accompanying the Peabody Award (broadcasting's "Oscar"), and lauded with the statement that "Educational television could use more of this brand of magic" when presented with a Sylvania TV Award, the Ding Dong Schoolmistress goes her serene way, educating the nation's future citizens—and unruffled by the plethora of praise heaped upon her.

Q QUIPS: NBC Chicago announcer-deejay Dick Noble, notified that his Sunday a.m. music and news show was to follow a talk by the noted religious speaker, Dr. Norman Vincent Peale, was puzzled momentarily, then brightened: "I don't think that Dr. Peale will mind, and anyway—cleanliness is next to godliness. We'll lead off with the Washboard Blues!"

Where Are We Going?

by Russell Maguire

Our country lacks moral and spiritual courage.

Our forefathers had it, and by its application built a great, honest, and powerful nation.

Our Heavenly Father gave us the wisdom and the courage to meet and solve the incredibly serious problems that have faced us in the past, and the will to solve them.

He has also given us the courage to push aside the fantastically sinister and stupid mistakes of the past. We must use it.

In some way, our leaders must be brought to realize, as well as the rest of us, that America must return to the spiritual and moral laws of our forefathers.

In a world of formal education, of international societies, committees and organizations dedicated to peace, we have found ourselves engaged in two world wars.

Since the recognition of Soviet Russia, we have carried out a series of compromises. We have vacillated and written high-sounding diplomatic notes. We have permitted the Russians to start a war of their own choosing and out of it we have received 130,000 maimed and dead young Americans.

What is behind all this slaughter, intrigue, lying and disaster?

For over twenty years the party of Roosevelt and Truman failed miserably to stop it.

Let us find out where we are being led.

How To 'Shell' Florida Grapefruit

You'll want to use lots of the fine Florida grapefruit now at the peak of their goodness, for their tangy flavor and for the good health insurance they represent. Doctors recommend plenty of citrus fruits this time of year to help cut down colds, and fortunately grapefruit is one of the most economical foods available now. Besides serving halves, section the whole fruit for salads and fruit cups, the easy way Floridians do it. First (left) whittle off the peel from one end to the other. Remove remaining white membrane with a sharp knife. Then cut from the outside to the center core (right), twisting knife to remove juicy golden sections.

Thoughts about a 102-year-old Railroad and its Service to You

UNNING a railroad is a big job. For the past 102 years we've devoted all of our time to it.

VER this century-long period we've grown from a railroad of a few miles to an 8,000-mile system serving 14 states.

OMPETENT personnel has enabled us to attain this growth—a growth that parallels that of the communities we serve.

KEEPING these communities supplied with the things they need and taking to market the things they produce have always been our chief concern.

IMPROVEMENTS have been made constantly. Faster, more powerful locomotives, finer passenger equipment, more efficient freight cars—all adding up to a more satisfying service.

OMETIMES a single improvement has cost millions of dollars. The Atlantic (Iowa) Cut-off, for example, which reduces grades, straightens curves, shortens distances.

AVING no stone unturned in our desire to provide the finest in rail transportation, we eventually became recognized as *The Road of Planned Progress*.

ND we derive no small satisfaction from the thought that today *planned progress* is as much a part of this railroad as heavy duty, diesel-powered locomotives.

OTABLE among our trains are the ROCKET FREIGHTS (for shippers) and the streamlined ROCKET Fleet, including the GOLDEN STATE (for travelers). Nothing finer... anywhere.

OESN'T all this suggest that this century-old railroad is as alert as ever to the needs of its patrons—that now, as always, ours is "A Service that Never Ceases—a Story that Never Ends"?

Dennis Williams, infant son of A. L. and Mrs. Herbert Schumacher, has been a patient in Silver Cross hospital the past two weeks because of an allergy. This is the second time Dennis has been hospitalized for the same condition, the cause of which has not yet been determined. Mrs. Schumacher resides with her parents, the Ernest Shows. Dennis' father is with the United States forces in Alaska and will see his son for the first time when he comes home on furlough about the first of March.

The Edward Mroseks are rejoicing over news that a daughter has been born to her sister and husband, Mr. and Mrs. Warren Thiel of Seattle, Wash. The six pound six ounce miss has been named Cynthia Ann. The Thiels have relatives and many friends in and around the Chicago area.

Miss Marie Chalfant, who teaches in Pana, spent the holiday and weekend at the home of her sister, Mr. and Mrs. Chester Williams.

All visited at the home of another sister, Mr. and Mrs. H. L. McCaleb in Evanston Saturday evening.

Mrs. Fawkes, daughter Dorothy, and grandson of Chicago, paid a surprise visit to the Garrett Cummings home Sunday.

Mr. and Mrs. Garrett Cummings, Mr. and Mrs. Roy Walker and children, Jimmy and Arthur, attended the wedding of Myrtle Taylor and Lawrence Kunkus Saturday in Chicago. They also stayed for the wedding reception which was held at the Legion hall at 82nd and Halsted street.

PTA News

David J. Heffernan, first assistant superintendent of Cook county schools, was a guest of the Maue PTA at the regular meeting held in the school Wednesday evening. Mr. Heffernan discussed the critical shortage of teachers, stating that in the Chicago area there is an average of 50 classrooms without teachers a day. He mentioned the special inducements, such as the scholarships offered by the Parent Teacher associations, which are being offered in an effort to attract more students into the teaching profession. In closing, Mr. Heffernan commended Maue's teachers and the school board on their interest in education.

The PTA nominating committee gave their report. Those who have consented to nomination to the various offices are: president, Mrs. Charles Henning, first vice president, Mrs. Chester Williams, 2nd vice president, Mrs. Raymond Knieriem, 3rd vice president, Mrs. Helen Lemke, secretary, Mrs. Owen Maue, treasurer, Mrs. Harwood Stellwagen. Dates for further health checks were announced.

A talent show put on by Maue school children followed. First prize was won by a black faced comedy quartet, Daniel Turay, Reed Williams, Larry Semetis and Tommy Cripps who sang "Short'nin' Bread." Betty Stellwagen played a piano solo, "Children in the Temple," Kay Maue played "Beautiful Dreamer" on the piano and Carla Mrosek sang "Ricochet." They tied for second place. Karen Blank played an accordion solo "Melody Moments Waltz" was third prize winner. Other entrants and their acts were: Joan Stellwagen, piano solo "Parade of Wooden Soldiers," John Stellwagen recited, "I Have a Little Shadow," Marie Gawlik, accordion solo "Home Sweet Home"; Larry Reeves, acrobatic tricks and stunts; Pamela Cripps, piano solo "Merry Widow Waltz"; Lois Froemel, piano solo "Loves Old Sweet Song." Ribbons were awarded the winners. Special certificates of commendation were given all contestants.

A social hour followed during which refreshments were served. Hostesses were Mrs. Knieriem, Mrs. Gale, Mrs. Williams and Mrs. Mrosek.

Mr. and Mrs. Roy Walker visited friends, Mr. and Mrs. Tom Johnson in Chicago, Sunday, while their sons Arthur and Jimmy attended a neighboring movie.

The Missionary society will meet in the church Thursday, Feb. 25 with Mrs. Robert Shepherd, Sr., and Mrs. H. V. Drewes as hostesses. Friday, the 26th, this group will sponsor a bakery sale at the Peters Shoe store, State street, Lockport, in the afternoon at 1 o'clock. Members of the society and friends of the church are being asked to send baked goods, especially bread and rolls, to be sold.

Plans are in progress for the church dedication to be held Sunday afternoon, March 7, at 2 o'clock. Mrs. Iola Storm, Jerome Paddock and Robert Burch are in charge of the arrangements.

Pvt. Frank Carroll, Jr., has returned to Ft. Leonard Wood, Mo., following a 14 day furlough at his parent's home.

Mr. and Mrs. Buddy Burenski have moved into an apartment in Lockport after spending several weeks with their parents. Mr. and Mrs. Charles Jensen, while their home was being made ready.

George Burcham, Sr., is spending a few days with relatives in Decatur.

Mrs. Arthur Shepherd is recovering from an attack of chicken pox.

A new primary class to be taught by Mrs. George Burcham, and an adult class led by Rev. Talbert were started in the Homer Sunday school, Sunday. This should be the means of accommodating each age group more satisfactorily.

Mrs. G. L. Reed of Chicago was a week end guest of her sister, Mrs. F. J. Paddock.

A fellowship dinner will follow the worship service in the Homer church Sunday, Feb. 21. Mrs. Burcham is the chairman of the dinner.

Mr. and Mrs. Joseph Mlynarik were called to Wisconsin Saturday by the death of their brother-in-law. He and his wife were to have celebrated their silver wedding anniversary Saturday, but a sudden heart attack a few days before caused his death and the funeral was held on the day which was to have been a happy anniversary party.

Mrs. Edna Mergler spent the week end with the George Burcham family.

The Best Proof

Lesson for February 21, 1954

HOW do we know Christianity is true? How do we know Jesus was right? How do we know religion is not a very fancy illusion? It is a fair question. When E. Stanley Jones was talking about his Christian faith to a group of professors in a great university, one of them rose and asked him: "How do you know all this is not a hallucination?" "Well," said Dr. Jones, "if religion is a hallucination and I am crazy, then I am thankful for this 'insanity' has done more for me than all the 'sanity' I had before." Dr. Jones did not suppose that he could answer all the riddles about religion that any one can think of. But he did know Jesus and he knew what Jesus had done for him. G. Studdert-Kennedy was another thorough-going Christian. At the end of a poem on "Faith" he says something like this: "You think Christianity is an argument, but it is not. It is a choice; and I choose Christ."

Dr. Foreman

'One Thing I Know'

The Bible story for this week tells about a young man who did not claim to know much. If you had put him into a modern theological seminary he could not have passed an examination in "Christology" to save his life. In fact, it seems doubtful whether he would even be admitted to membership in some orthodox churches today. The theological experts of his church, the Pharisees, in fact tried to grill him. They tried to confuse him, they wanted him to admit that Jesus was a fake, a liar, all the bad things they kept saying he was. But the young man stuck to one point. He does not seem to have been well educated. It may be doubted whether he could have met those Pharisees in a formal debate. But he stuck to his one point. "One thing I know, that though I was blind, now I see." The best proof that Jesus was right, that Christianity is true, is not arguments from books, it is the argument from people. It is what Christ has done for them, it is the difference between what they were before they met Jesus and what they were afterwards.

Samples

In an American seminary the same year, studying for the Christian ministry, were a Japanese and an African. Their ancestors did not speak the same language. Only a few years ago the father of the Japanese boy was an officer in the Japanese army fighting the Americans. Neither he nor his wife was a Christian; but after the father's death the boy came to know some Christian missionaries, and now instead of an errand of death his aim is to return to his own people on an errand of life. "I can see now," the young man said, "that Japan was wrong." Christ had opened his eyes to a way of life, and of truth, which has changed his whole life and will change others. As for the African, a few generations back his people were as far from Christian as the Japanese officer. Then some one thought it worth while to tell the story of Jesus in Africa. . . and now this boy, son of native African Christians, is another demonstration that Christianity is true. You would not have found it safe to sit down with some of his ancestors (nor with some of your own, for that matter); but you would be glad to have him in your Sunday school class.

Prevention Mission

Not all the "samples" of Christianity are as dramatic as cannibals, or sons of former idol-worshippers. For every "rescue mission" there are many "prevention missions"—for the ordinary little church. Just that. Consider what a community would be without the church, consider what the church members would be without their religion. Granted that church members do not live up to their possibilities or their professions. We do not want to tear down the hospitals because they do not cure all the diseases. We do not abolish medicine because some people take it and are not quite cured. We know the world is better for hospitals and medicines, imperfect as they are. So we know that Christianity does work. We do not see great saints every week, more's the pity. But you do not have to look far from your own home to see some living proofs that Christ has power.

GFWC SPONSORS PILGRIMAGE TO WASHINGTON AGAINST WAR

Because of the enthusiasm brought back by those who were attending the General Federation of Women's Clubs convention in Washington last June, and because of the interest in the restoration of Independence Hall, the Third district is planning a pilgrimage to Washington. It is intended to revive patriotism by seeing again the scene and historic shrines connected with our nation's history. Mrs. G. V. Malmeren, president of the Illinois Federation, said:

"Why not boost your citizenship morale by going to see what makes our country 'tick'—see Congress in action and the Senate and house in session. Visit the halls of the Capitol, with the beautiful Brumidi frescoes, the Supreme court Library of Congress and the Archives building. You will be thrilled at the sight of our Capitol domes by day or night, stand in solemn awe at the foot of the statue of Abraham Lincoln in his memorial and visit the White House. A trip to Mount Vernon, and finally to Independence hall in Philadelphia, will be included in this pilgrimage to our Nation's capitol. Lowell Thomas has said:

"Washington is not just a city, it's a spirit." Why not come with us and catch that spirit of pride in our America? You will profit by the experience, and be with good friends. Your time will be planned for sightseeing and there will be free time as well.

"We shall travel by the most scenic route to Washington, D. C., on the Baltimore and Ohio railroad. The cost—rail fare, meals, hotel, tips, sightseeing, baggage handling, in fact every necessary expense is covered in the amount of \$99.85. As reservations will be limited, make your early! A \$10 deposit will hold one for you.

"Tour will leave Chicago Sunday, March 14 at 4:30 pm, and return Friday, March 19 at 8:30 a.m.

"You have always wanted to do just this—the time! We welcome you."

Mrs. Paul Hahn, 10644 Prospect ave., Third District legislative chairman is in charge of the reservations. —Marie Collins, Pub.

WEIGHT WHERE IT COUNTS
for BETTER DISKING
in TOUGH CONDITIONS

The JOHN DEERE Model "KB" DISK HARROW

Hard-baked stubble, stubborn stalks, and heavy trash meet their master when you enter the field with a John Deere "KB" Heavy-Duty Disk Harrow. The husky Model "KB" makes short work of the toughest disking jobs because proper weight distribution of the heavy-duty frame holds the gangs to their work and assures good, uniform penetration.

Ample clearance prevents clogging even in trashy conditions. Frame connections provide flexibility for even penetration over the full width of the harrow—on turns or on the straightaway. Heat-treated disk blades hold their keen cutting edge longer. Gangs run on extremely hard, friction-reducing bearings. Ask us about a Model "KB"—there's a size to fit your farm.
